PRELIMINARY AMENDMENT

Sir/Madam:

The following Preliminary Amendment and Remarks are submitted concurrently with a Divisional patent application, identified by attorney docket no. H0024.D1, following the revised procedures set forth under 37 CFR §1.121. After this introductory section, there are Amendments to the Specification, Amendments to the Claims, and then Remarks, each starting on a separate page.

Amendments to the Specification consist of amendments for the Title, the Cross-Reference to Related Application(s), the Disclosure of the Invention, two paragraphs in Best Mode for Carrying Out the Invention, and the Abstract. Amendments to the Claims consist of canceling claims 1-6 and amending claims 7 and 8, which are incorporated in a complete listing of the claims.
